

DIBYAJYOTEE

Khardah, Kalyan Nagar, Kolkata |

Summary Dibyajyotee Ghosh

Highly motivated and results-driven 2nd-year Electronics and Communication Engineering (ECE) student with a robust foundation in core electronics principles and versatile programming skills. Proven ability to architect and deploy integrated hardware-software solutions, specializing in IoT, Edge Computing, and AI applications. Seeking an internship/position at DCS to leverage technical expertise in a challenging and innovative engineering environment.

Education

Degree	Institution	Expected Graduation	CGPA
Bachelor of Technology in Electronics and Communication Engineering (ECE)	Dibyajyotee Ghosh	Jun 1, 2028	[8.2]

Technical Skills

Category	Skills
Programming & Software	Python, MATLAB
Core Electronics	Signals & Systems (Fourier, Laplace, Z-transforms), Analog Electronics (BJT, FET circuits, h-parameter models)
Hardware & IoT	Raspberry Pi, Sensor Integration, Edge Computing

Academic & Personal Projects

Adaptive Hybrid Edge-Olfaction for Perishable Logistics

- **Developed** a full-stack hardware-software monitoring solution for perishable goods logistics by integrating multiple environmental sensors.
- **Utilized** Edge Computing principles to enable real-time data processing and decision-making directly on the device, minimizing latency.
- **Architected** the system for robust, low-power operation, demonstrating expertise in practical IoT deployment and sensor integration.

J.A.R.V.I.S. AI Assistant

- **Engineered** a Python-based personal Artificial Intelligence (AI) assistant and successfully **deployed** the system on a Raspberry Pi platform.
- **Integrated** voice detection capabilities to process natural language commands, enhancing user interaction.
- **Implemented** hardware sensor integration to extend the assistant's functionality beyond software to control physical components.

Extracurricular Activities & Leadership

Event Management & Branding - Binapani Square Saraswati Puja

- **Managed** all event logistics and complex itineraries as an active committee member for a major community celebration.
- **Coordinated** resource allocation, vendor relations, and execution timelines, ensuring the smooth operation of the event.
- **Created** and oversaw promotional branding materials, including logos, banners, and bills, enhancing the visibility and professional image of the event.
